## TRIMMING

Pruning your shrubs is critical to having the best looking property. Staying on top of trimming helps your plants stay at their healthiest and look their best!

## TREE REMOVAL

Overgrown or dead trees can be a hazard and a pain. Let our tree removal service take the headache out of caring for your trees.

## AERATION

Aerating your lawn allows for oxygen, water and nutrients to reach the soil ensuring a healthy property!

## WEED CONTROL

No one wants a property infested with weeds. Our long-term weed control program ensures your lawn will never have that problem!
